Bulbs for Fall Planting • 1942

Liliun Downingi (Plant Patent No. 436)

The Sensational New Easter Lily

FOR OUTDOOR
GROWING

LILIUM DOWNINGI

(Plant Patent No. 436)

This is absolutely the most sensational Lily produced in America, and blooms outside during July. A perfectly hardy Easter Lily in all of the U. S. A. Height 3 feet. Has to be planted 7 inches deep.

For many years the public has been asking for a Easter Lily that could be grown outside. It also can be used very satisfactorily for forcing in the greenhouse.

Be sure to try this Lily. We **guarantee** satisfaction.
Price: 50c each; \$4.50 for 10; \$40.00 per 100.

Introduction ~

It is indeed a pleasure to submit herewith for your perusal a copy of our fall bulb catalog. The present European war having stopped all importation of Holland grown bulbs, drastic steps needed to be taken to secure a continued supply of bulbs. Towards that end we have strived incessantly since the outbreak of the war and today we can proudly say that we have succeeded. Because of our unceasing efforts, we have accumulated stock of over one hundred Tulip varieties as well as stock of Hyacinths, Crocus and other bulbs for fall planting. They are made available to you through this catalog. **We do not believe that a more comprehensive list of bulbs for fall planting can be obtained anywhere.**

You will be especially interested in knowing that all bulbs offered here are domestic grown. Thus we have entirely eliminated the factor of chance and can assure you delivery of your order at proper planting time. We purposely omitted listing English grown bulbs because of the uncertainty of their arrival in this country.

As to the quality of domestic grown bulbs, we can truthfully say it is excellent. This also is the opinion of a great number of customers who purchased our domestic bulbs last fall and were so kind as to write and tell us this spring about the results obtained. Such enthusiasm is gratifying and has given us added confidence in the future of our domestic bulb enterprise.

It is deserving of your attention that domestic grown bulbs do not develop into as large or plump a bulb as those we grow in our Holland nursery. They do not need to in order to produce a good flower. The 10½ to 11½ centimeter Tulip bulbs, with which we supplied our customers last year, have given entirely satisfactory results and we will continue to supply the same high quality bulbs.

In conclusion let us remind you that stock of all bulbs is very limited and available bulbs of many varieties will be insufficient to supply the demand. Hence it may prove to be your advantage to place your order **early**. **Do not wait until the last moment.**

POINTS TO REMEMBER—Please Read Carefully

PREPAID SHIPMENTS. We prepay all carrying charges to destination on orders accompanied by payment in full.

C. O. D. SHIPMENTS. We will book your order on receipt of 25 per cent of the amount of the order; the planting material will be shipped C. O. D. including transportation charges.

MINIMUM ORDERS. We cannot fill orders below \$1.00. Also please omit orders for less than six of a variety unless a price on each is quoted. Five or more of a variety are sold at the ten rate; twenty-five or more of one variety at the hundred rate; two hundred fifty or more of one variety at the thousand rate.

ORDER BLANKS are enclosed for your convenience.

EXTRA CATALOGS. We will gladly send copies of this catalog to any of your friends upon receipt of their addresses.

We will include in every shipment, free of charge, our own most explicit Cultural Directions for indoor as well as outdoor culture.

VAN BOURGONDIEBROS., Inc., Babylon, Long Island, New York.

LILIUM CANDIDUM

This is the exquisite Madonna Lily, which produces a large mass of snow-white flowers on straight stems. Plant these bulbs in the open in September or October, and protect them well from frost, as they are not extremely hardy, and during May or June you will have an abundance of flowers.

Jumbo bulbs, 40c each; \$3.50 for 10; \$32.00 per 100.
First Size, 25c each; \$2.25 for 10; \$19.00 per 100.

DAFFODILS - NARCISSUS

YELLOW TRUMPET varieties have trumpets which, as a rule, are longer or as long as the perianth segments (petals). They usually have a light or deep yellow perianth with a trumpet of deeper yellow.

BICOLOR varieties have creamy or pure white perianth segments and yellow trumpets.

BARRI varieties have light or deep yellow perianth segments and an expanded crown instead of a trumpet, which is light or deep with red or orange edge.

INCOMPARABILIS varieties have light or deep yellow segments, a crown of light or deep yellow very similar to a short trumpet.

LEEDSI varieties always have white segments, while the crowns are white or light yellow. They are very dainty.

POETICUS. Snow-white segments, crowns usually heavily rimmed orange or scarlet with a green eye in the center of crown.

POETAZ. Cluster-flowered in white, light or deep yellow. Some varieties have orange or red-rimmed small crowns.

JONQUILS. Usually bear small flowers in small or large clusters on one stem, and usually are sweet scented.

Native Daffodils

Wonderful Varieties Among the Always Popular Species of Early Spring Flowers

5 Each of these 8 varieties (40 bulbs)	9.00

Pennsylvania, April 25, 1939

Gentlemen:—Last spring I purchased, among others, a tuber of "Fascination" frilled begonia. It was quite late in starting to grow and started blooming the last week in August. It has bloomed continually in the house all winter and at this writing has three beautiful flowers, the largest one is 4½ inches across. It seems quite remarkable to have a tuberous begonia bloom in winter and for such a long period of time. It appears to have another set of buds coming.

I just thought I would let you know that this has been a real joy to me all winter and has been the admiration of all visitors to my home.

Yours truly,

MRS. H. E. KLEINSTUBER

Pennsylvania, April 20, 1939

Dear Sirs:—Am I too late in ordering these seeds? Your seeds were all that could be desired last year. I was delighted with the thrifty, brilliant flowers I grew from them. I should like cultural directions with the Tuberous Begonia, if you have them.

Sincerely,

MRS. STAUFFER

Pennsylvania, Oct. 25, 1939

Dear Sirs:—I have lost the directions for the care of the bulbous begonia, and I would appreciate it so much if you would send me another copy.

My recent order for bulbs arrived very promptly, and I am so pleased with them. The bulbs I planted from your stock were most satisfactory, and the display I made of some of them at our Spring Flower Show won Blue Ribbons for me.

Thanking you in advance for these directions, I am

Yours truly,

MRS. A. D. BACON

Minnesota, Sept. 25, 1939

Dear Sir:—I will drop you a line to let you know how much I appreciate my last fall's order. I don't suppose you will allow me the discount because of my order being sent after July 1st. You certainly sent me the finest tulip bulbs I ever had and I don't think you will lose by doing it, for so many of my patients who have gardens have asked me where I bought such beautiful tulips. So many people passing my place every day just fall in love with them for they are first class, and I have told them where I got the bulbs, so no doubt you will hear from some of them.

You may send me one or two of your catalogs for my desk to advertise your flowers if you wish me to do so.

When sending me my order, will you please name them separately like you did the last time so I can arrange them the way I like, and if you like to give me something extra with my order I would like one of your novelties. If not, I am satisfied anyway. I will advertise your bulbs just the same for they are grand.

Yours truly,

MRS. C. J. NELSON

Michigan, Sept. 12, 1939

Dear Sir:—Find money order for bulbs. Please send soon as it is getting cold here now—three frosts already. The bulbs I got from you three years ago were the most beautiful tulips I have ever seen and know these will be lovely.

Yours truly,

MRS. AMY ENNIS

Massachusetts, March 17, 1939

Gentlemen:—I shared the bulbs purchased by Mrs. Winchell, Lincoln, from you and they forced in the greenhouse with great success.

May I be placed on your mailing list for catalog?

Respectfully yours,

FREUDE GOODRICH

Massachusetts, Sept. 9, 1940

Gentlemen:—Enclosed is check for \$1.65 in payment for Daffodil Offer Collection H. I want to take this opportunity to tell you how successful my tuberous-rooted begonias have been. When I read your offer of 12 for \$1.00, I thought they would be inferior, as I have always paid 35c for a single tuber. I thought possibly I might get one or two good ones, so I sent for the twelve. Eleven of them were good and all eleven have bloomed all summer. Placed in front of my rhododendrons they have been the loveliest things in the yard. I only hope that the Narcissus may be as satisfactory.

Yours truly,

MARY R. STARK

Pennsylvania, Sept. 24, 1940

Gentlemen:—We were delighted to receive today the superb Coral Lily bulbs. Good and proper time, too, and they are now nicely planted. Sincere thanks—from years of experience, you are the best ever!

Respectfully,

G. M. CHATBURN

Iowa, July 26, 1940

Gentlemen:—I can't refrain from letting you know the pleasure we are deriving from the Bargain Collection of Begonias bought from you. One of the blossoms measured 5 by 7 inches. If they come larger, I have missed seeing them.

Very truly yours,

MRS. W. F. RIECKHOFF

New York, March 15, 1939

Gentlemen:—The bulbs I ordered in the fall, Jonquils and Hyacinths, are now blooming in the house. They are beautiful.

GRACE M. COX

North Carolina, June 28, 1939

Dear Sirs:—I am enclosing an order and two checks—one from Mrs. A. H. Powell for \$24.88, and my personal check for \$144.33. I had to substitute a few order blanks as my book of order blanks is used. I wrote you a few days ago asking for an order book and also for some catalogs.

People from a distance come to Oxford to see the tulips—your bulbs are better than anyone's else. We've given your address to numbers of people—you are so perfectly satisfactory to deal with. Thank you for your splendid service.

Sincerely,

MRS. F. B. BLALOCK

North Carolina, June 23, 1939

Dear Sirs:—Please check over my order and let me know if it is correct. If anything more is due you, let me know and I will send balance. If anything more is due me, make up the difference with bulbs. Do not let it delay order.

If you have orders from Garden Club members from Durham, Handerson, Chapel Hill, Raleigh, Roxboro, N. C., it is because of the excellence of the bulbs you sent to Oxford Club. Visitors from these places were given your address when they visited Gardens in Oxford during Garden Week.

Very truly yours,

MRS. A. H. POWELL

Pres. Garden Club, Oxford, N. C.

California, April 4, 1939

Gentlemen:—I am writing to tell you that the tulip bulbs you sent me (to replace the order previously sent which were an entire failure) are perfectly beautiful. We are more than delighted with them. Hope all you have placed this year are as beautiful and satisfactory.

I thank you most sincerely for your kindness in sending me these new ones.

Yours very truly,

ELFY P. McKESSON

DAFFODILS for NATURALIZING

Hundreds of thousands of Daffodils are used yearly for this purpose, because when once planted they continue without any care to give you immeasurable joy year after year.

Numerous varieties have proved very successful for this purpose and we will use no others. Practically all types of Daffodils contain some varieties suitable for this purpose, thereby increasing the number of varieties and adding greatly to the desire of naturalizing Daffodils.

Helleborus Niger

(The Christmas Rose)

Large flowers of purest white, often flushed with rose, rising above masses of dark leaves. Ten to twelve inches high. These exquisite blooms are produced from late November through the winter. Best in sheltered, half-shady position. For best results fertilize liberally with well-rotted cow manure and leaf-mold dressing. Strong plants, \$1.00 each; \$9.00 for 10.

Mertensia Virginica

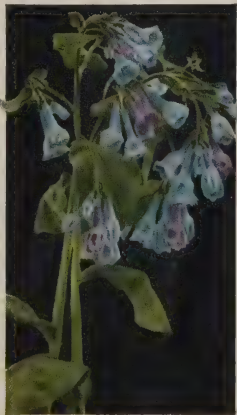

(Virginia Blue Bells)

A beautiful hardy perennial that should be planted with Daffodils for contrast. The flower buds are pink, opening into lovely dainty flowers of porcelain-blue, borne in nodding clusters. This beautiful spring flower starts blooming along with Daffodils and lingers to frolic with the May-flowering Tulips. Delightful in the open border or along woody paths.

Choice Selected Roots for the garden
or for naturalizing: Each, 20c; \$1.80

Miscellaneous Bulbs

English Iris (Bulbous)

For Outdoor Planting Only
Mixed Colors

Although called English Iris, this lovely bulbous Iris originally came from the alpine meadows of the Pyrenees. In the sixteenth century it made itself at home in England, hence its name. It is extremely hardy and loves a cool, moist soil.

The English Iris have been almost non-existent in the United States, and could not be imported. Fortunately, we located a farm in Michigan where these Iris can be grown to perfection. Price: 70c for 10; \$6.00 per 100; \$55.00 per 1000.

Muscari

(Grape Hyacinth)

The foliage of this plant is very similar to that of Scilla, but the flowers are of an entirely different form—grape-like clusters closely set—and are wonderful cut flowers. Always exquisite when naturalized.

BLUE BIRD. An immense improvement over all other varieties; the flowers being twice as large and growing taller, and of a delightful heavenly blue. 60c for 10; \$5.00 per 100.

HEAVENLY BLUE. 50c for 10; \$4.00 per 100; \$35.00 per 1000.

PLUMOSUM (Plume Hyacinth). Flowering in May. Beautiful feathery plumes of violet-blue. Height 8 inches. We strongly recommend this variety for your garden. Very unusual type of Muscari. 70c for 10; \$6.00 per 100.

Scilla Campanulata

(Wood Hyacinth)

All the varieties of Scilla Campanulata are splendid for naturalizing because they will flower in shady places. All have bells like small Hyacinths, forming long, graceful spikes.

CAMPANULATA, WHITE QUEEN. Large, pure white. 45c for 10; \$3.50 per 100.

BLUE QUEEN. Large, bright blue. 45c for 10; \$3.50 per 100.

ROSE QUEEN. Soft lilac-rose. 45c for 10; \$3.50 per 100.

Snowdrops

(Galanthus)

Everybody knows the Snowdrops; with their little white bells coming through the snow; practically the first flower to show itself after the dreariness of winter. It is a wonderful bulb for naturalizing and for every garden.

Bulbs for Indoor Culture

Soleil d'Or Narcissus

Soleil d'Or resembles the Paper-White Narcissus very much in habit, but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We expect to have some very fine stock of this variety to meet the steadily increased demand of the past few seasons. Do not forget to order a few and get acquainted with this wonderful flower.

We offer only the Exhibition Size: \$1.00 for 10; \$9.00 per 100.

Paper-White Narcissus

Suitable for Growing in Water and Gravel, Sand, or Fiber.

We handle only the Giant Grandiflora variety, which is a great improvement over the ordinary Paper-White Narcissus. It can be had in bloom from Christmas until Easter, either in pots, bowls, or boxes. Upon arrival, plant them immediately, if wanted early, and put in a cool place in cellar or pit, free from frost. When well rooted they can be taken into heat, and if watered freely they will produce an abundance of beautiful blooms. They are not hardy.

Jumbo or Exhibition Size, 60c for 10; \$5.50 per 100.

Roman Hyacinths (Florida Grown)

Roman Hyacinths are among the earliest bulbs to be had in flower. The bulbs may be had in flower from November all through the winter months, if potted up in September, and at intervals of every two weeks. They are much prized for pots or cutting on account of their graceful appearance and delicate fragrance.

BLUE. \$1.40 for 10; \$13.00 per 100.
 WHITE. \$1.60 for 10; \$15.00 per 100.
